Company Description

Company description

Devoteam is a leading consulting firm focused on digital strategy, tech platforms, and cybersecurity.

By combining creativity, tech, and data insights, we empower our customers to transform their business and unlock the future.

With 25 years' of experience and 8,000 employees across Europe and the Middle East, Devoteam promotes responsible tech for people and works to create better change.

#Creative Tech for Better Change

Devoteam has launched in January 2021 its new strategic plan, Infinite 2024, with the ambition to become the #1 EMEA partner of the leading Cloud-based platform companies (AWS, Google Cloud, Microsoft, Salesforce, ServiceNow), further reinforced by deep expertise in digital strategy, cybersecurity, and data.

Job Description

The **Cloud Engineer** will be responsible for the following activities:

This position is a stakeholder-facing role and embodies the responsibility of capturing prioritization, and delivery of project expectations for all aspects of the projects you work on.

You can lead technical customer workshops and design a solution meeting the customer requirements on all aspects of the project (Governance, Security, Networking, Billing, Operations).

You are an advocate for Cloud adoption and enlighten customers in their Cloud Adoption strategy, no matter their Cloud Maturity.

Excellent communication and interpersonal skills: you have the ability to communicate tasks, challenges, and results clearly to technical & non-technical colleagues and customers.

Ability to understand both the business and technical requirements and apply to existing, or develop new methodologies to satisfy those requirements

You understand both business and technical priorities and have a realistic view of timelines and deliverables.

you are able to guide and streamline the technical tracks of a multidisciplinary team, composed of colleagues and customers.

You advocate the use of Cloud best practices in all aspects of your job and the deliverables of your team.

you mentor and guide junior colleagues through their journey in the team and within the projects you collaborate on.
