Internship Opportunity at Gemino, a Portfolio Company of Ex Venture Inc. - Computer Science and Technology + Hirgin now! industry

Location: Canggu, Bali, Indonesia

Duration: 4 to 6 months

Compensation: Unpaid

About Ex Venture Inc.:

Ex Venture Inc. is a leading investment firm focused on supporting groundbreaking projects in the clean technology and innovative technology sectors. We aim to drive positive change through investments in sustainable and impactful technologies.

About Gemino:

Gemino is an early-stage startup, already receiving backing from the German government, with a mission to revolutionize industrial processes and manufacturing through efficiency and transparency. At Gemino, we're building the next generation of industry solutions using advanced AI and autonomous AI agents.

Position: Intern in Computer Science and Technology

Role Overview:

We are seeking creative and highly motivated students or young professionals with a keen interest in computer science, artificial intelligence (AI), and autonomous AI agents. As an intern, you will join our dynamic team in Bali, contributing to the development of innovative solutions that address real-world challenges in the industrial sector.

Responsibilities:

- Collaborate with our team to research, design, and develop AI-based solutions.
- Participate in an open-thought workspace, actively engaging in the exploration of new technologies.
- Contribute to the creation and improvement of AI agents, focusing on autonomy and decision-making capabilities.
- Assist in the development of software and tools to enhance efficiency and transparency in industrial processes.

Requirements:

- Currently studying or recently graduated in Computer Science, AI, or a related field.
- A strong foundation in programming, with proficiency in Python highly regarded.
- An innovative mindset with a passion for technology and problem-solving.
- Ability to work collaboratively in a team as well as independently on projects.
- Creative thinking and a willingness to experiment with new technologies.

What We Offer:

- A unique opportunity to gain hands-on experience at an early-stage startup with significant backing and potential for impact.
- Exposure to the latest technologies in AI and autonomous systems, with the freedom to experiment and develop new solutions.
- A creative and open workspace environment in the beautiful setting of Canggu, Bali.
- Networking opportunities within eXventure Inc.'s portfolio and the broader tech startup ecosystem.

Application Process:

Interested candidates should submit their resume along with a cover letter explaining their interest in AI, their experience with programming (particularly in Python), and why they believe

they are a good fit for this internship.

Please include any relevant projects or coursework related to AI or computer science that you have completed.

Note: While this is an unpaid position, the experience and networking opportunities provided by this role represent valuable stepping stones for anyone looking to make a mark in the field of AI and technology.
