Job Description

In this role, you'll assess online search results to enhance their quality. You'll analyze and rate content relevance to search terms, while also reviewing language for grammar, tone, and cultural appropriateness. Your contribution improves a major search engine's quality by evaluating web content using your PC and smartphone.

We're searching for individuals who are passionate about social media and regular users of Gmail. This remote position requires ownership and daily use of a smartphone and familiarity with various social media platforms and Google products. Your reliability, adaptability, and adherence to guidelines are key.

This role offers the freedom to work remotely, allowing you to set your hours based on task availability.
