Job Description - QA QC Lead (Contract Based) (SUL002Z) Company: Worley Primary Location
Primary Location : IDN-Sulawesi Job Job : Project Quality Assurance Schedule Schedule: Full-
Employment Type: Employee Job Level: Experienced Job Posting Job Posting: Mar 11, 2024
Unposting Date Unposting Date : Apr 10, 2024 : Building on our past. Ready for the future Worley
a global professional services company of energy, chemicals and resources experts
headquartered in Australia. Right now, we're bridging two worlds as we accelerate to more
sustainable energy sources, while helping our customers provide the energy, chemicals
and resources that society needs now. We partner with our customers to deliver projects and
create value over the life of their portfolio of assets. We solve complex problems by finding
integrated data-centric solutions from the first stages of consulting and engineering to
installation and commissioning, to the last stages of decommissioning and remediation.
Join us and help drive innovation and sustainability in our projects. What You'll Do: Project
Management Plans and dependent systems and procedures are developed and
implemented in compliance with the requirements of the WorleyParsons Project
Management Process (WPMP) and Enterprise Management System (EMS) consistent
with specific location, regulatory and contractual requirements Project personnel are
suitably trained in project plan requirements and to access and apply dependent systems,
procedures and reference materials via the Project Web Site, EMS, WPMP and the
Knowledge Communities as applicable. Establishment of an effective risk based audit program.
· Effectiveness of Project Management Review Programs including collection analysis and
reporting of project performance measures Facilitate the implementation of existing and

new company processes and capability enhancements across the Project Operations. Determine areas of potential improvement and, in consultation with the Location Quality Manager and Project Management Team, facilitate the implementation of improvements to address these areas and evaluate the outcomes of the improvements. Facilitate independent review/certification of Project Quality Management Systems in line with Corporate, legislative or customer requirements Ensure that the customer's quality management requirements and concerns and the needs of multiple stakeholders are being identified and managed by the Project Team effectively. What You'll Have: Tertiary qualifications in business, project and/or quality management Minimum of 10 years' experience in QA / QC Prior experience as an QA / QC Lead Prior experience in the mining or resources industry is advantageous Work with the Project HSE Advisor and the Project Management Team to ensure that all areas of the Project's operations conform to applicable Worley, regulatory and contractual HSE obligations Broad understanding of the QA / QC scene in Indonesia Devise procedures to inspect and report quality issues Ensure all legal standards are met Communicate with external quality assurance officers during on-site inspections Moving forward together We want our people to be energized and empowered to drive sustainable impact. So, our focus is on a values-inspired culture that unlocks brilliance through belonging, connection and innovation. We're building a diverse, inclusive and respectful workplace. Creating a space where everyone feels they belong, can be themselves, and are heard. And we're not just talking about it; we're doing it. We're reskilling our people, leveraging transferable skills, and supporting the transition of our workforce to become experts in today's low carbon energy infrastructure and technology. Whatever your ambition, there's a path for you here. And there's no barrier to your potential career success. Join us to broaden your horizons, explore diverse opportunities, and be part of delivering sustainable change.
