

## Senior Golang Developer

Apply Now

Company: Mitrais

Location: Indonesia

Category: other-general

Mitrais has engaged a large Australian software company on an exciting software development project. We're looking for Senior Golang Developer to be part of the team. What will you be doing? Coding high-quality software using distributed computing, messaging, microservices, performance tuning and memory and resource management techniques. Developing data-driven solutions for a range of clients. Collaborating within cross-functional and international agile teams. Led the creation of a new architecture to solve a medium to large technical problem. Guided other team members on how to develop within this architecture over a period of at least 3 months. Collaborating within cross-functional and complex technical ecosystem. What about you? Experience in PHP frameworks. Expertise in building APIs, Restful or RPCs and design best practices. We use OpenAPI/Swagger and gRPC. Deep knowledge in relational and noSQL data stores, we use MySQL, Redis and AWS services like S3, DynamoDB, etc. Experience with modern build, techniques, architectures and practices. We use AWS, ECS, Lambda, Docker, Jenkins, etc. What can Mitrais offer you? A CAREER, not a JOB! Excellent working environment, with the possibility to relocate to our regional offices and working remotely. Free English classes, English is our working language. Lots of opportunities to improve your competencies on our technical bootcamps, certification programs and soft skills training courses. Hackathons with big prizes! Learn about life at Mitrais from our current team by searching #mitraislife on Facebook, or LinkedIn. Please note that all activities included in the recruitment processes are free of charge. Beware of online scams such as persons posing to represent the Mitrais Recruitment Team or other recruiting-related personnel by sending unsolicited text messages and emails asking you to provide personal

information, transfer money, or do any other specific activities. To Apply... Simply click the apply button, complete the form and upload your latest CV in English! What are you waiting for! Application Form Personal Detail \* All fields are required. Name E-mail Phone Number Date of BirthCandidate age should be at least 18 years old to apply for this job. Nationality Current Salary Expected SalaryCompetencies Name Level Action No Data DocumentsPlease upload your supporting documents in English to let us know you better.Extensions : .doc, .pdf, .rtf, .png, .jpg, and .bmp.Maximum size (@): 5MB
