Senior Tax Manager will be responsible for ensuring that our organization complies with all relevant tax regulations while also developing and implementing tax strategies to minimize our tax liabilities and maximize our financial efficiency. Client Details Our client is a well-respected player that has a strong track record. In line with their expanding business structure and exciting development plan, a great opportunity has become available for a vibrant and talented professional to join this organization, as the Senior Tax Manager, who will become the key support to drive the strategic and commercial growth agenda within the company. Description Tax Compliance and Tax Planning: Develop and implement tax planning strategies to minimize the organization's tax liabilities while maintaining compliance with tax laws and regulations. Tax Audits and Disputes: Manage tax audits and inquiries from tax authorities, including responding to information requests, resolving disputes, and negotiating settlements when necessary. Tax Strategy Development: Work with senior management to develop long-term tax strategies aligned with the organization's goals and objectives. Cross-functional Collaboration: Collaborate with other departments, such as finance, legal, and operations, to ensure tax considerations are integrated into business decisions and transactions. Team Management: Lead and develop a team of tax professionals, providing guidance, mentorship, and training as necessary. Risk Management: Identify and assess tax risks and develop strategies to mitigate them, ensuring compliance with tax laws and regulations. Profile This role is based in Jakarta and as a result of the government regulations we are only looking for Indonesian nationals. To be a good fit for this opportunity you will have a strong finance background and a solid understanding of accounting and finance.

We're looking for a dynamic professional with a strong ownership, a can-do attitude, good leadership skills and initiative to drive changes that impact the entire organization, including the ability to influence and motivate others, not limited to conflict resolution. Bachelor degree in accounting/finance/tax or full professional qualification (e.g. Brevet A, B and C) 10+ years of overall tax experience Highly proficient in SAP, enterprise resource planning (ERP), Business Warehouse and other financial planning systems. Broad understanding of business processes, process auditing and internal control concepts Strong analytical skill required to identify risks and opportunities in the business Excellent communication skills, both verbal and written in English and Bahasa Indonesia and ability to build cross discipline relationships High level of ethics and integrity
