Our journey began on the spiritual island of Bali, where we discovered a true reverence for the healing arts. In Bali, this knowledge is passed down from generation to generation, from mother to daughter, from father to son, and as such is deeply entwined in the Balinese way of life. Combining this rich knowledge and spirit of generosity with European techniques, Mandara offers each guest the ultimate luxuriously healing experience.

Today, Mandara Spas can be found in diverse locations around the world. Every Mandara Spa experience is completely unique, because we honor the diversity of the culture we are immersed in as well as the Balinese traditions from our past. It is our promise that while no two Mandara Spas are identical, you will recognize us from our commitment to your ultimate satisfaction, our belief in the healing arts and the spirit of generosity from which we perform your service. Namaste.
